Junior English Students (Honors) 2018

I'm really looking forward to seeing each of you on August 20th. I know we're going to have a year of exciting, interesting, and challenging learning. That's the best kind of year ☺

Here is what you need for our class –

One notebook that is dedicated to English. This can be spiral bound or binder—your choice. But you need an 8.5 by 11-inch notebook, **not a small one.**

Lots of pens in black and dark blue ink. You won't be writing in pen during English class, and you won't be writing papers in colored ink. If you want to use a pencil or colored pen for your notes, that is fine. But you'll have to remember to switch over to black or blue ink if you are writing an assignment that will be turned in to me. **NO RED INK PENS!**

Plenty of lined notebook paper (loose leaf paper).

The Bedford Handbook 8th Edition (salmon pink cover). *All students are required to purchase a Bedford Handbook in the 9th grade and are expected to use it as the grammar resource in 9th through 12th grades. They can then take it to college—and many of our graduates do. They say that it is a huge help in writing research papers.* If you never bought or you no longer have The Bedford Handbook, you should order one and have it on Day Two of classes (Aug. 21st). One of our big units of the year will be on WRITING, and this is a key resource book for you. Try Amazon for new and used copies, or you can order directly from Bedford/St.Martin's press.

Full length outside readings – During the school year, we will read several books outside of class. Here *they are:*

Honors English: *Pygmalion* (George Bernard Shaw)**; *Shakespeare Alive* (J. Papp and E. Kirkland), 1984 (George Orwell) (others to be announced at the beginning of the year)

You can go ahead and buy (or borrow from a former student) some of these books. Or you can wait until shortly before we start reading it. I will give you at least ten days' notice before you are required to bring the book to class. ** For Pygmalion, you need the Literary Touchstone Classic edition ISBN9781580493994 . I recommend ordering from Prestwick House—very inexpensive student book source.

Optional materials – Highlighters, post-it notes, index cards, a pocket thesaurus (Merriam-Webster is recommended)

MOST IMPORTANT OF ALL – Bring your heart and your mind into the classroom. Be ready to learn on Day One, and that means completing your required summer book (Honors English III – The Boy Who Harnessed the Wind). --- Mr. Clark

I'm really looking forward to seeing each of you on August 20th. I know we're going to have a year of exciting, interesting, and challenging learning. That's the best kind of year ☺

Here is what you need for our class – very much like what you needed last year.

One notebook that is dedicated to English. This can be spiral bound or binder—your choice. But you need an 8.5 by 11-inch notebook, not a small one.

Lots of pens in black and dark blue ink. You won't be writing in pen during English class, and you won't be writing papers in colored ink. If you want to use a pencil or colored pen for your notes, that is fine.

They can then take it to college—and many of our graduates do. They say that it is a huge help in writing research papers.* If you never bought or you no longer have The Bedford Handbook, you should order one and have it. We will need it for our research paper in the second semester. You may need to use it to help you with grammar/writing problems as we start school.

Full length outside readings – During the school year, we will read a number of full-length works outside of class. I'm still working on the final list...but the first one will be The Odyssey by Homer. **You must use the W.H.D. Rouse translation.** This is the book that has been used in the past, and you may be able to buy or borrow a copy from one of last year's seniors. Or you can order your own. I recommend you use Prestwick House (a student book supplier)—copies are less than \$5.

ISBN is: 9780 451 530 684

MOST IMPORTANT OF ALL – Bring your heart and your mind into the classroom. Be ready to learn on Day One. That means completing both your choice novel and your required summer book Native Son. You will have a test on summer reading the first week of school. About 50% of the test will be basic facts and characters (who did what to whom) and about 50% will be interpretation and analysis. --- Mr. Clark
